MORE MANUAL TRAINING EQUIPMENT AND TEACHER FOR HIGH SCHOOL

Machinery To Cost \$2,500 and Assistant Instructor at \$1,500 Authorized—State To Pay \$450—State Aid For Efficient Home Making Department—Nearly All Teachers Sign Contracts.

At the regular meeting of the Board of Education held at the office of the High School on Friday evening, considerable important business was transacted, including action to enlarge and amplify the efficiency of the manual training department at the High School.

Those present were Trustees Kearney, Gill, Atkins, Schaeffer, Van Wageningen and Herbert, and Secretary Michael. In the absence of President Flemming, Trustee Kearney presided. The other absentees were Trustees Crane and Hale.

Following the reading of the minutes of the last regular meeting and their adoption, several communications were read by Superintendent Michael. That relative to the Constitution of the Association of the School Boards and Trustees of the State of New York was laid on the table.

A communication was read from the department of education, stating that the home making work of the Kingston High School was so highly approved that it would entitle the school to State Aid for the department. Superintendent Michael explained that this would mean \$700 from the state toward the salary of Miss Davis of the Homehold Economics Department and of \$500 toward the salary of Miss Holmes of the sewing department. As the Board pays \$2,050 to the two teachers, this state aid would reduce the obligation of the local board of \$250. Trustee Van Wageningen evidently voiced the feeling of the other trustees when he quietly remarked that it was good to have something coming out of that side of the ledger.

Then various letters requesting the use of the High School Auditorium were read as follows, and acted upon. Miss Lina Schindtkonz asked for the use of the Auditorium for a piano recital to be given by her pupils on June 2nd, no admission to be charged, and expressing her willingness to comply with all requirements of the Board. The request was granted subject to the usual terms.

Kingston Council, No. 275, Knights of Columbus, requested the use of the Auditorium for Wednesday evening, May 12, for a lecture on "Reconstruction," to be given by Dr. James J. Walsh, the lecture to be free to the public. This address on the vital question of today, "Reconstruction," was noted as a part of a nation-wide program to educate and instruct our citizens along reconstruction lines, and the organization felt that they were indeed fortunate in offering such a speaker to the people of Kingston. The request was also granted, subject to the usual terms.

Still another letter was read, this one from the Parent-Teacher Association of the city, calling attention to the fact that from October 5 to 8, inclusive, the annual convention of Northern Associations and Parent-Teacher Associations of the state would be held in Kingston, bringing some 200 delegates to the city for that period. The sessions would be held during the days and evenings of those dates and would be devoted to child welfare in the broadest and most thoroughly educational sense. The Parent-Teacher Association of our city therefore asked the use of the high school Auditorium for the dates mentioned, free of charge. After a little discussion as to whether or not these meetings would interfere with the school sessions, Superintendent Michael being sure they need not, and also informing the board that to grant the request would be in line with similar action by boards of other cities in the state, the request was granted.

Finally the Mendelssohn Club, through its president, Christopher K. Lynch, requested the use of the Auditorium for the seventeenth annual concert of the club, to be held on the evening of Wednesday, May 17. This request also met with favorable action, "subject to the usual terms."

The monthly report of Superintendent Michael was then read by him, and was adopted and ordered placed on file. It follows:

General.—I respectfully submit the following report for the month of April. I have made the usual visits of inspection to all the schools during the month. The morale of the teaching force is excellent. The attendance of the children has been prompt. There have been few cases of tardiness and absence, most of which have been legally excused.

The business of the high school lunch room has grown in volume during the current school year. It is more and more patronized by both students and teachers. The report submitted to me on the first day of April 1920 on the finances of the lunch room shows:

Cash on hand	\$253.32
Inventory	284.36
Total assets	\$537.68
Liabilities	7.20
Net inventory	\$530.48

From the report of Miss Gertrude Spence, librarian of the high school, I find that 4,425 pupils have used the library reading room from the

MEMBERS OF KINGSTON POLISH ROMAN CATHOLIC CHURCH GENEROUSLY GIVE TOWARDS NEW YORK CHARITIES

THE PASTOR, THE TRUSTEES AND CAPTAINS AND TEAM WORKERS AS PERMANENT ORGANIZATION IN PARISH FOR THE CATHOLIC CHARITIES OF THE ARCHDIOCESE OF NEW YORK.

The Polish people of the Church of the Immaculate Conception, Delaware avenue, are to be congratulated with their pastor, Rev. Francis Lesniewski, upon the wonderful success attained by their team captains and workers during the recent enrollment campaign of the Catholic Charity Drive of the Archdiocese of New York.

The energetic spirit manifested by the workers and the ready response on the part of the parishioners showed that the Polish people are at all times ready and willing to contribute

toward any charitable or national fund, and to co-operate with their pastor toward making the maintenance of the parish a success.

Father Francis in a most jubilant spirit reported to his parishioners the wonderful result of the amount obtained. The parish quota was \$250, and the final result, going far over the top, is the handsome sum of \$450, all payments made in cash.

A remarkable feature of the campaign was the spirit of perfect harmony which existed between the team captains and workers and their great zeal to work for God and church. It is planned to continue the teams as permanent organization in

the parish for any future parochial work.

On Sunday last a reception was tendered the workers by Rev. Father Lesniewski in the parish school hall at which time, in a brief address, he expressed himself as being most grateful to all who participated in the work and to all who, after the brief explanation of the subject on the previous Sunday, understood the great ideal and willingly and generously contributed, thus showing that the spirit of the people was coupled with that of His Grace, the Most Rev. CITY FILES ANSWER TO TROLLEY COMPANY TRACK REMOVAL PETITION

Denies Severally Knowledge of Truth of Allegations of Company—Alleges Petition Cites Insufficient Facts To Constitute Proper Application—That Company's Franchise Is Binding Contract—That Colonial and City Lines Are Operated Separately, Thus Not Getting Maximum Patronage.

Former Mayor William D. Brinier, corporation counsel of the city of Kingston, has filed the following answer, verified by the mayor, to the petition of the Kingston Consolidated Railroad for the approval by the Public Service Commission of the state of New York of the declaration of the directors, ratified by the stockholders of said corporation, that said railroad abandon a portion of the route of its railroad as therein specified:

The respondent, the City of Kingston, as and for an answer to the petition of the Kingston Consolidated Railroad, herein:

First.—Denies, upon information and belief, that petitioner has duly taken all and singular the proceedings required to be taken by section 184 of the Railroad Law, prior to making the application herein.

Second.—Denies it has any knowledge or information sufficient to form a belief as to the truth of the allegations that "Schedule E" annexed to the petition is an accurate statement giving the details in regard to the financial condition of petitioner as required by Rule XIX of the Public Service Commission.

Third.—Denies, upon information and belief, that the income of said company has not been materially increased since the increase in the rate of fare from five cents to six cents, and that it will not be materially increased during the year 1920.

Fourth.—Denies that the operation of that portion of the route of its railroad proposed to be abandoned, being that portion on Washington avenue between Marston street and North Front street, is no longer necessary for the successful operation of its said railroad or for the convenience of the public, and denies that it has any knowledge or information sufficient to form a belief as to the truth of the allegations that the portion of the railroad system of petitioner known as the Colonial Line has not heretofore earned its operating expenses and can not do so now, and that every year for a considerable period past it was operated at a loss, and is still being operated at a deficit of many thousands of dollars, and by reason of such deficit the operation of the entire system and property of petitioner results in a loss; and denies that it would be for the interest of petitioner and in the interest of the city of Kingston and its inhabitants and the public generally if the entire Colonial line were to be abandoned; and denies that the portion sought to be abandoned is the least patronized and used by the public, and denies that the largest deficit in operating expense occurs upon the same, and denies that the abandonment thereof will inconvenience the smallest number of people; and denies, upon information and belief, that in the event of the abandonment thereof a substantial saving amounting to nearly \$10,000 can and will be effected in the operating expenses of petitioner's railroad; and denies that such abandonment will substantially subvert the interest of petitioner and the public; and denies that the people residing on Washington avenue and the streets adjacent to the westward thereof, make but small use of the said Colonial line in that portion thereof on Washington avenue proposed to be abandoned, and denies that such use thereof has not materially increased in the last fifteen years or thereabouts, and that there is no immediate prospect of an increase of business thereat; and denies that many of petitioner's cars run daily with no passengers from or to said points on Washington avenue, and denies that the income therefrom is so negligible as to make the running of cars thereon an economic and business absurdity; and denies that other portions of said Colonial line, to wit: those located on North Front, Wall and Main streets, and Clinton avenue are within a comparatively short and easy walking distance from various points on Washington avenue, and that many, if not most, of the people residing on Washington avenue and in the streets adjacent thereto who actually ride, board petitioner's cars at points other than Washington avenue, are much shorter than those which people are compelled to traverse to reach petitioner's cars in other more thickly settled parts of the city.

For a further, separate and distinct answer the respondent alleges:

Seventh.—That on June 4th, 1918, the Common Council of the City of Kingston adopted an ordinance amending the franchise ordinances of petitioner whereby the rate of fare of five cents was made subject to upward revision upon the order of the Public Service Commission. That said ordinance was adopted upon the application of petitioner. That thereafter the said Commission granted an increased rate of fare to six cents which became operative April 15, 1919, and which is still in force and effect. That said ordinance was adopted by the Common Council relying upon the good faith of petitioner to execute its franchise agreement and to maintain and operate its entire route and to perform its full duty as a public utility, and the implied and understood consideration thereof upon the part of the said City was the continued operation by petitioner of its entire trolley system.

For a further, separate and distinct defense, respondent reiterates the allegations contained in the preceding two paragraphs and alleges:

Eighth.—That in and by said ordinance of June 4th, 1918, it was provided, amongst other things, "That said company shall charge such fare for transporting any passenger as after due hearing and investigation made pursuant to and as provided by the Public Service Commission Law." That in and by the same ordinance the petitioner is given the remedy in the event that proper and efficient operation of its railroad proves to be unremunerative and the rate of fare inadequate, to make application for such rate of fare as will be compensatory and sufficient to properly maintain same in full operation.

For a further, separate and distinct defense, respondent alleges:

Ninth.—That the portion of the railroad of petitioner sought to be abandoned is situated in the Eleventh and Twelfth wards of the city. That the portions of said wards which are served by said portion of petitioner's railroad covers an area of about one square mile or about one-eighth of the whole area of the city. That the inhabitants of said portion constitute about one-tenth of the total population of the city. That the portion sought to be abandoned is about four thousand feet in length or about one-tenth of the entire mileage of petitioner's railroad. That the number of houses in said section served by said portion of petitioner's railroad has about doubled since the construction of said trolley railroad on Washington avenue, and many, if not all of same were built, relying upon the continuance of said trolley service. That practically, if not every house in said section is occupied, and the demand for houses in said section is exceedingly greater than the amount now existing there. That said section is a highly desirable residential

SEEK HEROES' GRAVE LOCATIONS

Next of Kin of Kingston And Nearby Ulster Towns Asked To Furnish Information To Legion Post So That Bronze Markers May Be Placed On Decoration Day.

Kingston Post, No. 150, American Legion is making preparations to remember the comrades who died while in the service during the world war.

Grave markers of solid bronze on the same pattern as the Legion membership button have been secured through initiative, patriotism, and unsolicited aid of several leading citizens. These markers will be placed on the grave of every soldier who died in the world war and who is buried in Kingston or the nearby towns of Ulster county where there is no Post of the American Legion.

These markers are of the very best material and will last for years and are a fitting memento of comradeship.

The locations of all graves are not definitely known so the next of kin of each soldier buried in Kingston or nearby is requested to fill in the following form and mail same immediately to Eugene B. Carey, secretary of the post, at 53 John street, Kingston, N. Y.

Name of soldier
Date of death
Military organization
Cemetery where buried
Exact location therein, if possible
(Signed)

This information will enable the legion to reach every dead soldier and will also give the post a record of same for its history.

On the reverse side of the marker will be engraved the name of the person who gave same to Kingston Post.

The markers have already been ordered and will be placed on the graves on Decoration Day and as it will take some time to prepare them the location of the graves and the necessary information should be sent in as soon as possible to the post.

MAY DAY PASSING QUIETLY WITH MUCH IDLENESS BUT LITTLE DISORDER

Meetings of Radicals In U. S. Being Allowed To Talk at Will—Buildings and Officials Guarded—Half of Europe on Strike or Holiday.

Washington, May 1.—Reports to the department of justice today indicated that the threatened May day demonstrations of extremists had not resulted in any concerted attempts at violence.

There were reports that meetings and gatherings were to be held in many of the large industrial centers today but indications were that these meetings would be only for the purpose of speech making and haranguing. The meetings will be undisturbed and speakers "may talk themselves blue," Garvan said, and special instructions have been issued to agents of the department not to take any steps which might lead to the charge that they were incurring trouble in any such assemblies.

Reports received by Mr. Garvan indicate that the proclamations issued to workers by extremists organizations have not met with ready response.

Reports to the International News Service from throughout the world disclose the following May day situation:

New York City.—All public buildings guarded. Every member of the police force on duty. All parades and demonstrations banned.

Paris.—Cavalry troops patrolling city. Trains moving despite railwaymen's strike called at midnight. No disorders reported up to 1 p. m.

London.—Estimated here that half of Europe not working. In British isles alone 7,000,000 workers idle. Railways running. No disorder.

Rome.—Business nearly all tied up. Only small stores opened.

Hartford, Conn.—Millia called out to guard capital when officials reported that there would be an attempt to blow it up. No attempt made.

Boston.—Men occupying room next to Governor Coolidge in hotel here arrested and held for examination. He was reported to have made remarks about the governor.

The Salvation Army.
The time of two Salvation Army Sunday meetings has been changed, commencing tomorrow. The time hereafter for all Sunday services as follows: Holiness meeting at 10:20 a. m. Sunday school 2:20 p. m. Young People's League meeting 6:20 p. m. Special salvation meeting 8 p. m. Open air service at 7:20 p. m.

Services at Edgemoor.
There will be no preaching services in the Edgemoor Church tomorrow. Sunday school services will be held at 11:30 o'clock.

MAY 3RD TO 8TH CLEAN UP WEEK

Mayor Canfield Points Out in Proclamation That Citizens Should Take Pride in Giving City New Suit of Clothes by Doing Away With All Rubbish.

To the Householders of Kingston:

It is desired by all that our city be cleanly, attractive and healthful. To accomplish this with better results it is urged by our Board of Health that everyone within our city make a special and particular effort during the coming week to clean up all houses, buildings and yards.

You are earnestly requested to perform your part toward the removal of all litter, refuse and rubbish from your homes and yards, and to place the same in proper receptacles and put them out on the days that ashes and rubbish are collected.

Give the city a new and clean suit of clothes that will cost it nothing, and may save much from the avoidance of possible fires.

You live in Kingston. You like to live in Kingston. You can like to live in it better by exercising your civic pride and displaying your co-operation.

Now, in order that the above mentioned purposes may be carried out, I do hereby proclaim the week of May 3-8th inclusive, to be "Clean Up Week" in the city of Kingston.

In witness whereof, I have hereunto set my hand this first day of May, in the year nineteen hundred and twenty.

PALMER CANFIELD, JR., Mayor.

Auto Stuck a Wheel.

A Cadillac car met with an accident on Broadway at the corner of St. James street Friday afternoon when one of the wheels came off and bounded across the street, narrowly missing a horse which was standing on the side of the street. Fortunately the car was proceeding slowly and the occupant of the car was uninjured.

Counting the Passengers.

The police are today making a count of the passengers riding on the Colonial Division between Marston and North Front street. The data is to be used at the hearing before the public service commission next Wednesday on the removal of the tracks on that stretch.

Girls' Friendly Dance.

The Girls' Friendly Society of Holy Cross Church will hold a May festival and dance on Tuesday, May 25.

FIFTY YEARS A BANKER IN CITY

Jacob E. Derrenbacher, President of The Rondout Savings Bank, Half A Century Ago Entered The Bank's Employ As a Clerk.

President Jacob E. Derrenbacher of the Rondout Savings Bank on the Strand entered the employ of the bank as a clerk on May 2, 1870, and

Sunday marks the anniversary of half a century of efficient banking service. Mr. Derrenbacher during his long career as a member of Kingston's banking circles has earned the respect and esteem of all, and today he is one of the best known banking men in the Hudson river valley.

Mr. Derrenbacher was a young man when he entered the bank's employ and he has practically spent his entire business life in the service of the bank. Four dates stand out in Mr. Derrenbacher's banking service: The date he entered the employ of the bank; the day he was elected secretary on November 10,

1890; trustee on November 14, 1898; and president on July 20, 1914.

Fifty years of active and efficient service has made Mr. Derrenbacher one of the best informed men in his line in the city, and he knows every branch of the savings bank business. During the years that have passed he has seen many changes in the business life of the city and especially in the downtown section.

President Derrenbacher on the fiftieth anniversary of his banking life enjoys the esteem and confidence of his business associates and the customers of the bank. Some of these customers opened ac-

counts with the bank about the same time that Mr. Derrenbacher entered its employ.

Today the Rondout Savings Bank is one of the strongest and best known savings institutions in the Hudson river valley, and under the administration of President Derrenbacher its business has steadily increased.

AT THE THEATERS.

Myrtle-Harder Closes Tonight—

"Told in the Hills" at Keeney's.

"Sis Hopkins," the rural comedy starring Miss Myrtle, will be the last

performance of a very popular company at the Kingston Opera House tonight. The play tonight is from Rose Melville's popular novel and has been a stage success for years.

Robert Warwick, in "Told in the Hills," at Keeney's, is a story of the west, plenty of action and a gripping dramatic triumph for this great star. A Keystone comedy and the International News Weekly are also programmed. On Monday Shirley Mason in "Her Elephant Man," a story of circus life so real you can smell the sawdust in the three rings and breathe the air of a regular good old-fashioned circus. Coming Tuesday

and Wednesday the big Paramount-Artcraft special, "23 1/2 Hours Leave."

Harry Carey in "Overland Red," a gripping story with an intensely human appeal, is the attraction at the Auditorium tonight; also Antonio Moreno in "The Invisible Hand." On Monday Bessie Barriscale in "The Third Woman," and the Lightning Bryce serial.

At the Opera House Monday the great exponent of western thrills, Tom Mix, will be presented in "Desert Love." If you like quick shooting, hard riding, love stories here is one. The original happy, snappy car-

toon musical comedy made from the "Katzman Kids" cartoons that have delighted millions who have watched the funny antics of Hans and Fritz and the other characters of the famous illustrations in the comic pages of the leading newspapers, will be the attraction at the Kingston Opera House for matinee and night, commencing Tuesday, May 4.

RECORD APRIL REALTY TRANSFER

Since Jan. 1, 1,492 conveyance of real estate have been filed for record in office of the Ulster Co. clerk, the number for April breaking the record for any month ever in this county, there being 562. In January 314 were filed, 195 in February and 421 in March. There have also been a large number of mortgages filed for record indicating that the sales have not all been for spot cash. The mortgage tax fees paid in to the county clerk's office during April will total nearly \$3,500, the tax paid being at the rate of \$5 on each one thousand dollars of mortgage.

ECLIPSE OF MOON SUNDAY NIGHT

A total eclipse of the full moon will be visible here Sunday evening if the clouds will only roll away long enough to permit us to see it. The eclipse will begin at 7:01 and end at 10:41, standard time. The total eclipse will begin at 8:15 and the moon will be entirely eclipsed for an hour and 12 minutes, until 9:27, standard time. According to "Day-light Saving" time, the eclipse will be one hour later.

WOULD HAVE U. S. RESTRICT PAPERS

By telegraph to The Freeman. Washington, May 1.—Government regulation of the size of newspapers was advocated as "the only possible way to meet the present news print situation," today by Frank Munsey, publisher, before the committee investigating the newsprint paper situation.

The consumption of news print paper is now in excess of production, with the reserve stock rapidly diminishing and prices going higher every day, and only a limited supply to be had at any price.

SOCIETY NOTES

Invitations have been issued by Mr. and Mrs. Frank R. Powley for the marriage of their niece, Miss Esther Powley Rodie, to Edmund Worden Carpenter, the wedding to take place at the Powley residence on West Chestnut street, on Saturday evening, May 8, at 8 o'clock.

Sampson-Wilkes.

A quiet home wedding was solemnized on Wednesday evening, April 28, when Miss Maude L. Wilkes, eldest daughter of Mrs. Annie Wilkes, became the bride of John L. Sampson. The ceremony was performed by the Rev. J. T. Mathews, in the presence of the relatives and a few friends at the home of the bride.

Shower for Miss Humphrey.

Miss Catherine Humphrey, teacher at School No. 3, whose home is at 194 Wall street, was the guest of honor at a variety shower tendered her in honor of her approaching marriage, on Wednesday, May 5, to John Karl of Brooklyn, at St. Joseph's Church. The enjoyable function was given at the home of Mrs. John W. Howley, at her home, 121 Elmendorf street, Wednesday evening, a score of the young friends of the coming bride being present. The Howley residence was artistically decorated with flowers, the color scheme being white and pink and refreshments were served. Miss Humphrey was the recipient of an article of suitable use as a token from each of the friends at the shower. A most delightful evening was spent by all. Among those attending were: Mrs. Reginald Van Leven, of Port Ewen; Miss Florence Sleigher of Rhinebeck; Mrs. Fred Boardway, Miss Esther M. Delaney, Miss Nellie T. Hanson, Miss Marguerite L. Madden, Mrs. John Reynolds, Mrs. John Weber, Mrs. May Reardon, Miss Etta Fennelly, Miss Isabelle Flanagan, Mrs. John Ellsworth, Miss Katharine Murray, Miss Betty Moran, Miss Bessie Purcell, Mrs. William Winchell and Miss Anas O'Meara.

ABOUT THE POLKS.

Billy Smith of Hudson street underwent an operation this morning.

Mrs. Sarah Burthans who has been spending some time at Atlantic City has returned and is visiting her niece, Miss Grace Merritt.

Mr. and Mrs. Charles Derrick of Bridgeport, Conn., are spending their honeymoon with Mr. and Mrs. Nelson Krom of Van Buren street.

Mr. and Mrs. T. J. O'Hara of Cedar street have been called to Rochester, N. Y., on account of the death of Mrs. O'Hara's sister, Mrs. John Kaeferli.

Dr. H. P. Van Wageningen returned today from Elmira, where he was called in consultation for his niece, Miss Jeanette Devo, who is seriously ill with pneumonia.

Roscoe Saunders, a former resident of Ulster Park and well known to many in this city, sailed today from San Francisco for Siam, in the service of one of the big American oil companies which has large interests in the Far East. Mr. Saunders, who was commissioned second lieutenant in 1917, was discharged from the army last fall.

BUSINESS NOTICES.

One ton of Good Luck, king of ovens, has arrived in Kingston, and W. H. Johnson, agent, of 112 West Fourth street, will deliver his standing orders as usual.

STILL ANOTHER EJECTMENT CASE

John Liccardo and Antonio Gebille, owners of the property at No. 42 North Front street, have brought an action in city court to obtain the premises, and eject Mrs. Mollie Kantrowitz. The case was slated for a hearing before Judge Schirick this afternoon. A. J. Cook appears for the ejectors and Chris. J. Flanagan for Mrs. Kantrowitz.

According to the complaint, "the premises are now occupied by Mollie Kantrowitz as a gent's furnishing store, and are same premises she has occupied for such business since April 1, 1915." The complaint recites further that the store lease expired March 31, and that Mrs. Kantrowitz is still in possession.

EPISCOPALS TO MEET THIS MONTH

The 137th convention of the Episcopal Diocese of New York will be held May 10, 11 and 12. This change was made in order not to conflict with Ascension Day, May 13.

Holy Communion will be celebrated at the Cathedral on Monday morning, May 10, at 11 o'clock. The convention will meet for its first business session the same day at 2 o'clock in the afternoon. Bishop and Mrs. Burch have invited the delegates and their friends to meet them at the Episcopal Residence Cathedral Close, on Monday, May 10 from 5 until 7 o'clock.

LOCAL DEATH RECORD.

Recent Deaths and Funerals of Persons in This Vicinity.

Cecelia, daughter of Walter McDonough, died at her home, 128 1/2 Pierpont street this morning. Besides her father she is survived by one brother, Walter of New York city; and two sisters, Miss Catherine of this city and Mrs. William Gaffney of New York city. Notice of funeral will be made at a later date.

Mrs. Mary M. Longyear, widow of Nelson Longyear, died this morning after a long illness at the home of her daughter, Mrs. Ella L. Thompson, of No. 35 West Chester street, where she had been making her home for some time past. Besides Mrs. Thompson, she is survived by another daughter, Mrs. Jennie L. Greville, of Newark, N. J., and two sons, Charles Baldwin Longyear, of Piermont, N. Y., and Arthur C. Longyear, the architect, of this city. Mrs. Longyear was a woman whose Christian character endeared her to all who knew her. The funeral arrangements will be announced later.

Sampson-Wilkes.

A quiet home wedding was solemnized on Wednesday evening, April 28, when Miss Maude L. Wilkes, eldest daughter of Mrs. Annie Wilkes, became the bride of John L. Sampson. The ceremony was performed by the Rev. J. T. Mathews, in the presence of the relatives and a few friends at the home of the bride.

Shower for Miss Humphrey.

Miss Catherine Humphrey, teacher at School No. 3, whose home is at 194 Wall street, was the guest of honor at a variety shower tendered her in honor of her approaching marriage, on Wednesday, May 5, to John Karl of Brooklyn, at St. Joseph's Church. The enjoyable function was given at the home of Mrs. John W. Howley, at her home, 121 Elmendorf street, Wednesday evening, a score of the young friends of the coming bride being present. The Howley residence was artistically decorated with flowers, the color scheme being white and pink and refreshments were served. Miss Humphrey was the recipient of an article of suitable use as a token from each of the friends at the shower. A most delightful evening was spent by all. Among those attending were: Mrs. Reginald Van Leven, of Port Ewen; Miss Florence Sleigher of Rhinebeck; Mrs. Fred Boardway, Miss Esther M. Delaney, Miss Nellie T. Hanson, Miss Marguerite L. Madden, Mrs. John Reynolds, Mrs. John Weber, Mrs. May Reardon, Miss Etta Fennelly, Miss Isabelle Flanagan, Mrs. John Ellsworth, Miss Katharine Murray, Miss Betty Moran, Miss Bessie Purcell, Mrs. William Winchell and Miss Anas O'Meara.

ABOUT THE POLKS.

Billy Smith of Hudson street underwent an operation this morning.

Mrs. Sarah Burthans who has been spending some time at Atlantic City has returned and is visiting her niece, Miss Grace Merritt.

Mr. and Mrs. Charles Derrick of Bridgeport, Conn., are spending their honeymoon with Mr. and Mrs. Nelson Krom of Van Buren street.

Mr. and Mrs. T. J. O'Hara of Cedar street have been called to Rochester, N. Y., on account of the death of Mrs. O'Hara's sister, Mrs. John Kaeferli.

Dr. H. P. Van Wageningen returned today from Elmira, where he was called in consultation for his niece, Miss Jeanette Devo, who is seriously ill with pneumonia.

Roscoe Saunders, a former resident of Ulster Park and well known to many in this city, sailed today from San Francisco for Siam, in the service of one of the big American oil companies which has large interests in the Far East. Mr. Saunders, who was commissioned second lieutenant in 1917, was discharged from the army last fall.

The publication of a series of photo caricatures of German Government leaders, accentuating the peculiarities of the persons photographed, created quite a stir in Berlin recently. The pictures were the cause of much merriment in the German capital. The freak shapes are attained by converting the paper when printing, with results similar to those obtained when looking into curved mirrors. On the left of the layout is shown Dr. August Mueller, German Chancellor. In the upper right is a squat picture of President Ebert. Below on the right is shown a caricature of Philipp Scheidemann.

BOY SCOUTS

(Conducted by National Council of the Boy Scouts of America.)

MOTHER'S VIEW OF SCOUTING

Here is what the mother of a Chicago scout told his scoutmaster over the telephone one day:

"Mr. Scoutmaster, I am very much disappointed in the scout organization. I thought my boy would be changed completely after he joined the scouts. I thought he would attend to his chores cheerfully and be more thoughtful of his mother."

The scoutmaster at the next troop meeting gave a talk to his boys concerning home duties, and noticed that the boy in question did not seem to pay much attention to him, if he heard what was said.

"I heard you all right," said the scout. "But if I should help at home the other fellows will find it out and call me sissy."

"Will the other fellows stand by you when you need a friend? Is it not your mother that you go to for a little change for the movies, and when you want a favor granted? Why not return some of these by helping her whenever you can? If you cannot stand a little chaff from the boys you are not a brave scout, are you?"

The lad went away, and not long thereafter the mother again telephoned the scoutmaster and said:

"I do not know what you said or how you accomplished it, but my boy is completely changed since I spoke to you last. I have never had to talk to him a second time about his work and he is most courteous and thoughtful of me."

HEADQUARTERS TROOPS HIKE.

How would you like to start a hike with an envelope containing sealed orders, knowing that all the rest of your troop were going to do the same thing? Each envelope gave instructions to follow a route according to photographs of landmarks, supplemented by compass directions, and each scout would thereby come to the spot where the troop was to have its campfire.

It was in this way that the treasure hunt of Troop No. 413 of the national headquarters office began, and at the end of the trail there were treasures consisting of kits for each of the successful scouts. A number of these found within the kits their badges for advanced classifications which they had earned within the month.

Accompanying this troop was a party of scout officials from national headquarters. Roast chicken and pork chops, campfire songs and stories, and a talk by Scout Executive Lawrence Harris of Hammond, Ind., ended the seven-mile hike.

Troop 413 spends each week-end in its tents somewhere about New York city, and will always welcome boy scout visitors provided only that they have their own equipment.

SONG OF THE ROVER PATROL.

Swing your pack, swing your pack, Rover Patrol.
Far down the mystery, somewhere's a goal.
Far down the luring road into the haze, into the blue of the long Far-Aways.
Rover scout, boy scout, quest in your soul.
Shoulder your pack for the unknown goal.
Nightfall and solitude, Rover Patrol: Cookfire and campfire and brown blanket roll.
Blanket and starglight and wind in the trees.
Night wind and stars are no freer than we.
Crackle and frelight and red-glowing coal.
Trails into slumberland, luring the soul.
Hint of light, fade of night, Rover Patrol: River mist rising and filling the bowl.
Swing of pack, homeward track.
Ever seek out and back, Rover Patrol: Gipsying, hiking, just going's our goal.
Off to the Far-Away, Rover Patrol.
—By CLARK ELBERT SCHURMAN.

NEWSBOYS HAVE SCOUT TROOP.

Thirty-three boys attended the first meeting of the Newsboys' Troop of Scouts, composed of boys working for the Muskegon (Mich.) Chronicle.

Scout Executive Charles D. Maddox addressed the boys on "What a Scout Is, and What Is Expected of Him." Every ear was strained to hear his words. Every boy was held breathless as he was told what a big thing it is to be a scout, the meaning of the tenderfoot badge, and the fact that when business men see a boy wearing the scout badge they know that that boy will be a success. "No matter if you are a millionaire or the son of a laboring man, you will never be a success in life unless you live up to the scout law, even if you are not a scout," said the executive.

THE BOY SCOUTS' BUSY LIFE.

Montclair, N. J., scout headquarters reports over 500 visitors for week-ends at its winter camp site. In view of the fact that this camp is situated miles from crowded headquarters an extensive use is significant.

Nearly a thousand boy scouts, representing fifty troops, visited Kansas City, Mo., for visitation of the light and fuel orders. Reports made by the scouts to their scoutmasters will be turned over to the fuel administration.

First Lassie and Second Convert Still in Salvation Army Service

Commandant Emma Westbrook, Seventy, Sole Survivor of Fleet Band of Salvation Lassies to Land in U. S. (Insert) Louis Petain, Sixty-seven, Second Convert of Salvationists in this Country.

VETERANS both, Commandant Emma Westbrook, of Indianapolis, 70, member of the first contingent of Salvation Army lassies to invade this country, and Sergeant-Major Louis Petain, 67, of Brooklyn, second convert made by the struggling little band in America, will be active workers in presenting The Army's 1920 appeal for support for its Home Service Fund to be made throughout the country May 10 to 20.

These two workers have seen the organization grow from the veriest tyro in the field of service and relief in 1880 to the powerful influence that it is today. They have never left its service and entertain no thought of doing so. They want to help raise the \$10,000,000 necessary to carry the work through another year.

Their enthusiasm is boundless, as it well may be in people who have seen such an inauspicious beginning in the face of jeering and antagonistic crowds result in the universal respect and love held for The Salvation Army today. The difference in the figure of the coming appeal and in the mite collected in their tambourines in the old days, demonstrates concretely the difference that 40 years have brought.

Louis Petain is particularly jubilant over the transformation that he has seen and remarks epigrammatically, "You can't buy confidence, sonny. You've got to earn it."

Commandant Westbrook is a traveling inspector of corps in Indiana, while Sergeant-Major Petain is still an active worker with the Brooklyn Post No. 1.

"Ash Barrell Jimmy," the Army's first American convert, died a few years ago. He was "sentenced" to serve six months with The Army by an exasperated judge who had given up hope of reforming the drunken "rehabilitant man." Jimmy decided voluntarily to make it a life sentence and stayed with the organization until his death. He attained the rank of captain and served others as the Salvationists before had served him.

Mrs. Elida Piza Crane, wife of Herbert P. Crane, Chicago millionaire, who threatens "startling disclosures" should her husband, from whom she is separated, attempt to deprive her son of a share in the Crane estate. Mr. Crane is now traveling in the Orient and his wife declares she will await his return before deciding whether she will sue for divorce. Mrs. Crane is shown here with her baby son.

"Told In The Hills"

An outcast of society! Scorned as a squaw man! What right had he to love a good woman?

But when the brother whose tarnished honor he had saved told the truth, and the Indians came in their war paint, who felt ashamed then?

A world famous novel of the pioneers' West made into a picture you'll long remember. With a brilliant supporting cast including Ann Little, Wanda Hawley, Tom Forman, Eileen Percy and Monte Blue. Come!

FAST BOUTS WILL BE STAGED HERE

The smoker of the Kingston Athletic Club next Tuesday evening, May 4, in Griffith's Hall on lower Haverbrouck avenue, promises to be one of the best held in a long time. The star bout will be an eight round go between clever Johnny Palmer of Newark and Vince Coffey, the local bear cat. Vince lately has been cleaning them up in other cities, and expects to be in the best of shape for Tuesday's clash. Palmer is the boy who boxed Vince at the entertainment given in the armory by the Knights of Columbus in welcome to its soldier members.

Joe Reilly of this city will step six rounds with Charley Beecher of Poughkeepsie. Beecher is said to be the possessor of a k. o. punch which he has been applying with great frequency to his opponents. Reilly is fast and clever, and while Charley is said to be a trifle heavier, Joe expects to add another scalp to his string.

Another six round bout will be staged between Battling Mason and either Bill Hoedell or some other equally good man. There will also be a four round preliminary. Membership tickets may be obtained at the usual places.

INCORPORATION DATA INTERESTS

New York Real Estate Concerns Formed By The Score and Lead In Numbers—Dancing and Aerial Transportation Companies—Names Getting Scarce.

By Telegram to The Freeman.
Albany, May 1.—The important part which real estate is playing these days in the business world is well illustrated in the incorporation bureau of Secretary of State Hugo's office. In six consecutive days, out of 298 concerns incorporated in this state, no less than 67 were engaged in the real estate business, practically every one in New York city.

There was a time when first honor in the state's corporation bureau was claimed by the motion picture business, but real estate and automobile are today in the lead, attracting thousands through reports of fortunes made over night in the selling and re-selling of blocks and apartments, with a boost in rentals from each successive owner.

Industries, according only a moderate return on the investment, have been shoved aside for the time being, in the frantic wave of speculation sweeping over the country and claiming its devotees by the tens of thousands.

The influence of conditions as they may exist on business is clearly reflected in the state's corporation bureau. For instance, when it became impossible a few years ago to secure dyestuffs and similar materials from Germany, many concerns incorporated and took advantage of the situation, embarking in a business with an assured ready market.

Just now, there is a wave of dancing prevailing in the metropolis, no doubt responsible for a concern incorporating during the last few days to publish a "Review on Dancing."

Aerial transportation companies are again coming to the fore with winter past and passenger-carrying about to be resumed.

With something like 260,000 names of companies already incorporated in this state and with "flashes" protected by law, it has become a rather hard matter to discover a name under which to incorporate.

This scarcity of available material in the way of names has resulted in many concerns, especially those in the realty business, incorporating under their street numbers, such as "200 Broadway", a scheme which efforts almost limitless possibilities in the way of corporate names.

Summer School at New Paltz.

There will be a summer session of the New Paltz Normal School for six weeks beginning July 5. The tuition is free, books are loaned and all the resources of the school are available for this special session. There will be admitted to the school anyone who is a high school graduate or who has taught. This will be a splendid opportunity for those who are just out of high school and who may hope to teach in the rural schools this coming year, as well as for those who may now be in the service and who may wish to freshen up in the work. Full particulars may be obtained from the principal.

Archdeaconry of Orange.

Redeemable as a whole or any part at the option of the Company on any interest date on sixty days' notice at 105 and accrued interest. Interest payable April 1st and October 1st. Principal and interest payable at the office of the Trustee.

Coupon Bonds in denominations of \$1,000, \$500 and \$100; registrable, as to principal only. The Company will agree to pay interest without deduction for any Federal Income Tax not in excess of 2 per cent which it may lawfully pay at the source. Pennsylvania State Tax of four mills refunded.

Stock Purchase Warrants: The Bonds will carry detachable warrants entitling the holder to purchase Common Stock at \$40 per share, at the rate of 25 shares of Common Stock for each \$1,000 par value of Bonds, at any time prior to and including April 1, 1922.

Conversion Privilege: The Bonds will be convertible after April 1, 1922 and until maturity into 8 per cent Cumulative Preferred Stock of the Company, par for par, or when accompanied by warrants into Common Stock at \$40 a share at any time after April 1, 1922 and to and including April 1, 1925, and thereafter at \$50 a share, or in each case until their earlier redemption, with adjustment of interest and dividends in respect to Preferred to date of conversion.

GUARANTY TRUST COMPANY OF NEW YORK, TRUSTEE

For further particulars concerning this issue, reference is made to the accompanying letter of Mr. Francis E. Baldwin, President of Thatcher Manufacturing Company, summarized as follows:—

BUSINESS Thatcher Manufacturing Company, originally incorporated in 1889, has for many years been the largest manufacturer of milk bottles in the United States, and will produce about 90 per cent of the milk bottles manufactured in the United States. The plants of the Company will have a capacity for the production of over 150,000,000 milk bottles and 75,000,000 condiment and other bottles per year.

PROPERTY Modern manufacturing plants are located at Elmira, Lockport and Dunkirk, New York, Streator, Illinois, Kane, Pennsylvania, Mt. Vernon, Ohio, Parkersburg, Clarksburg and Cedar Grove, West Virginia and Winchester, Indiana. The Company will have the exclusive right to make milk bottles by both the Owens Bottle Machine, and the Hartford-Fairmont Machine, the only successful automatic bottle machine devised.

PURPOSE OF ISSUE Proceeds from the sale of these Bonds will be used to complete the Company's purchase of the property of Travis Glass Company, Lockport Glass Company, Essex Glass Company, the Common Stock of Woodbury Glass Company, and the milk bottle business of J. T. & A. Hamilton Glass Company, and to provide additional working capital for its rapidly growing business.

SECURITY These Bonds are secured by a Closed Mortgage upon all of the property of the Company and upon all of the Common Stock of the Woodbury Glass Company, subject only to the lien of the Mortgage now outstanding for \$149,500 on a portion of the property of the Company which is not callable.

ASSETS Net assets at December 31, 1919, after reserve for depreciation, and not including any intangible assets such as Licenses, Formulae, Contracts, etc., and including the Common Stock of the Woodbury Glass Company, amounted to \$4,463,360. This is equal to over twice the \$2,149,500 of bonds to be outstanding.

EARNINGS Net earnings available for Bond interest for the year ended December 31, 1919, after reserve for depreciation amounted to \$577,351, or equal to over three and three-quarters times the annual interest charges on all Bonds outstanding. On the same basis, current net earnings are running at the rate of about \$1,000,000 per annum. It is estimated that earnings for the year ending December 31, 1920, after deducting Federal taxes and depreciation, will amount to more than \$850,000, which, after providing for Bond interest and Preferred dividends, is equal to more than \$8.00 per share on the outstanding 80,000 shares of Common Stock about to be issued.

SINKING FUND An annual Sinking Fund will be provided in the Trust Indenture for the retirement of the Bonds at not exceeding 105 and accrued interest and will retire over half of this issue by maturity. For the purpose of this fund, \$50,000 will be payable during the first year, \$100,000 for each of the five years thereafter and \$150,000 per annum thereafter until maturity, less the principal amount of any bonds converted during the year.

MANAGEMENT The present financial plans will result in no change in management which has been in successful operation practically since the inception of the business.

All legal details concerning the validity of these Bonds will be passed upon by Beekman, Menken & Griscom, for the Bankers, and by Mandeville, Personius and Newman for the Company. The accounts of the company have been audited by Arthur Young & Company for the Bankers and Squires and Company, Certified Public Accountants, for the Company and valuations have been made by Coates and Burchard and the American Appraisal Company and engineering reports by Day & Zimmerman, Engineers.

The above Bonds are offered when, as and if issued and received by us, at 95 and accrued interest to yield about 7 3/4 per cent.

Trust Receipts of Guaranty Trust Company of New York will be issued, exchangeable for bonds, when, as and if received from the Company.
